Aluminium components from Aluminiumrieket Sweden.

Powder spraying of car body in the Automobile Cluster of Styria, Austria.

Development of "Concept Car" in the Industrial Vehicles Cluster, Rhône-Alpes, France.

Mechanical engineering example of North Moravia and Silesia region, Czech Republic

Development of digital solutions in the Oslo region, Norway.

Manufacturing of time switches in Schwarzwald-Baar-Heuberg region, Germany.

Production of rotors for planning machines in Podravje region, Slovenia.

Manufacturing of engines in the Industrial District Skaraborg, Sweden.

Engineering plastics plant in Plastics Valley, Poland.

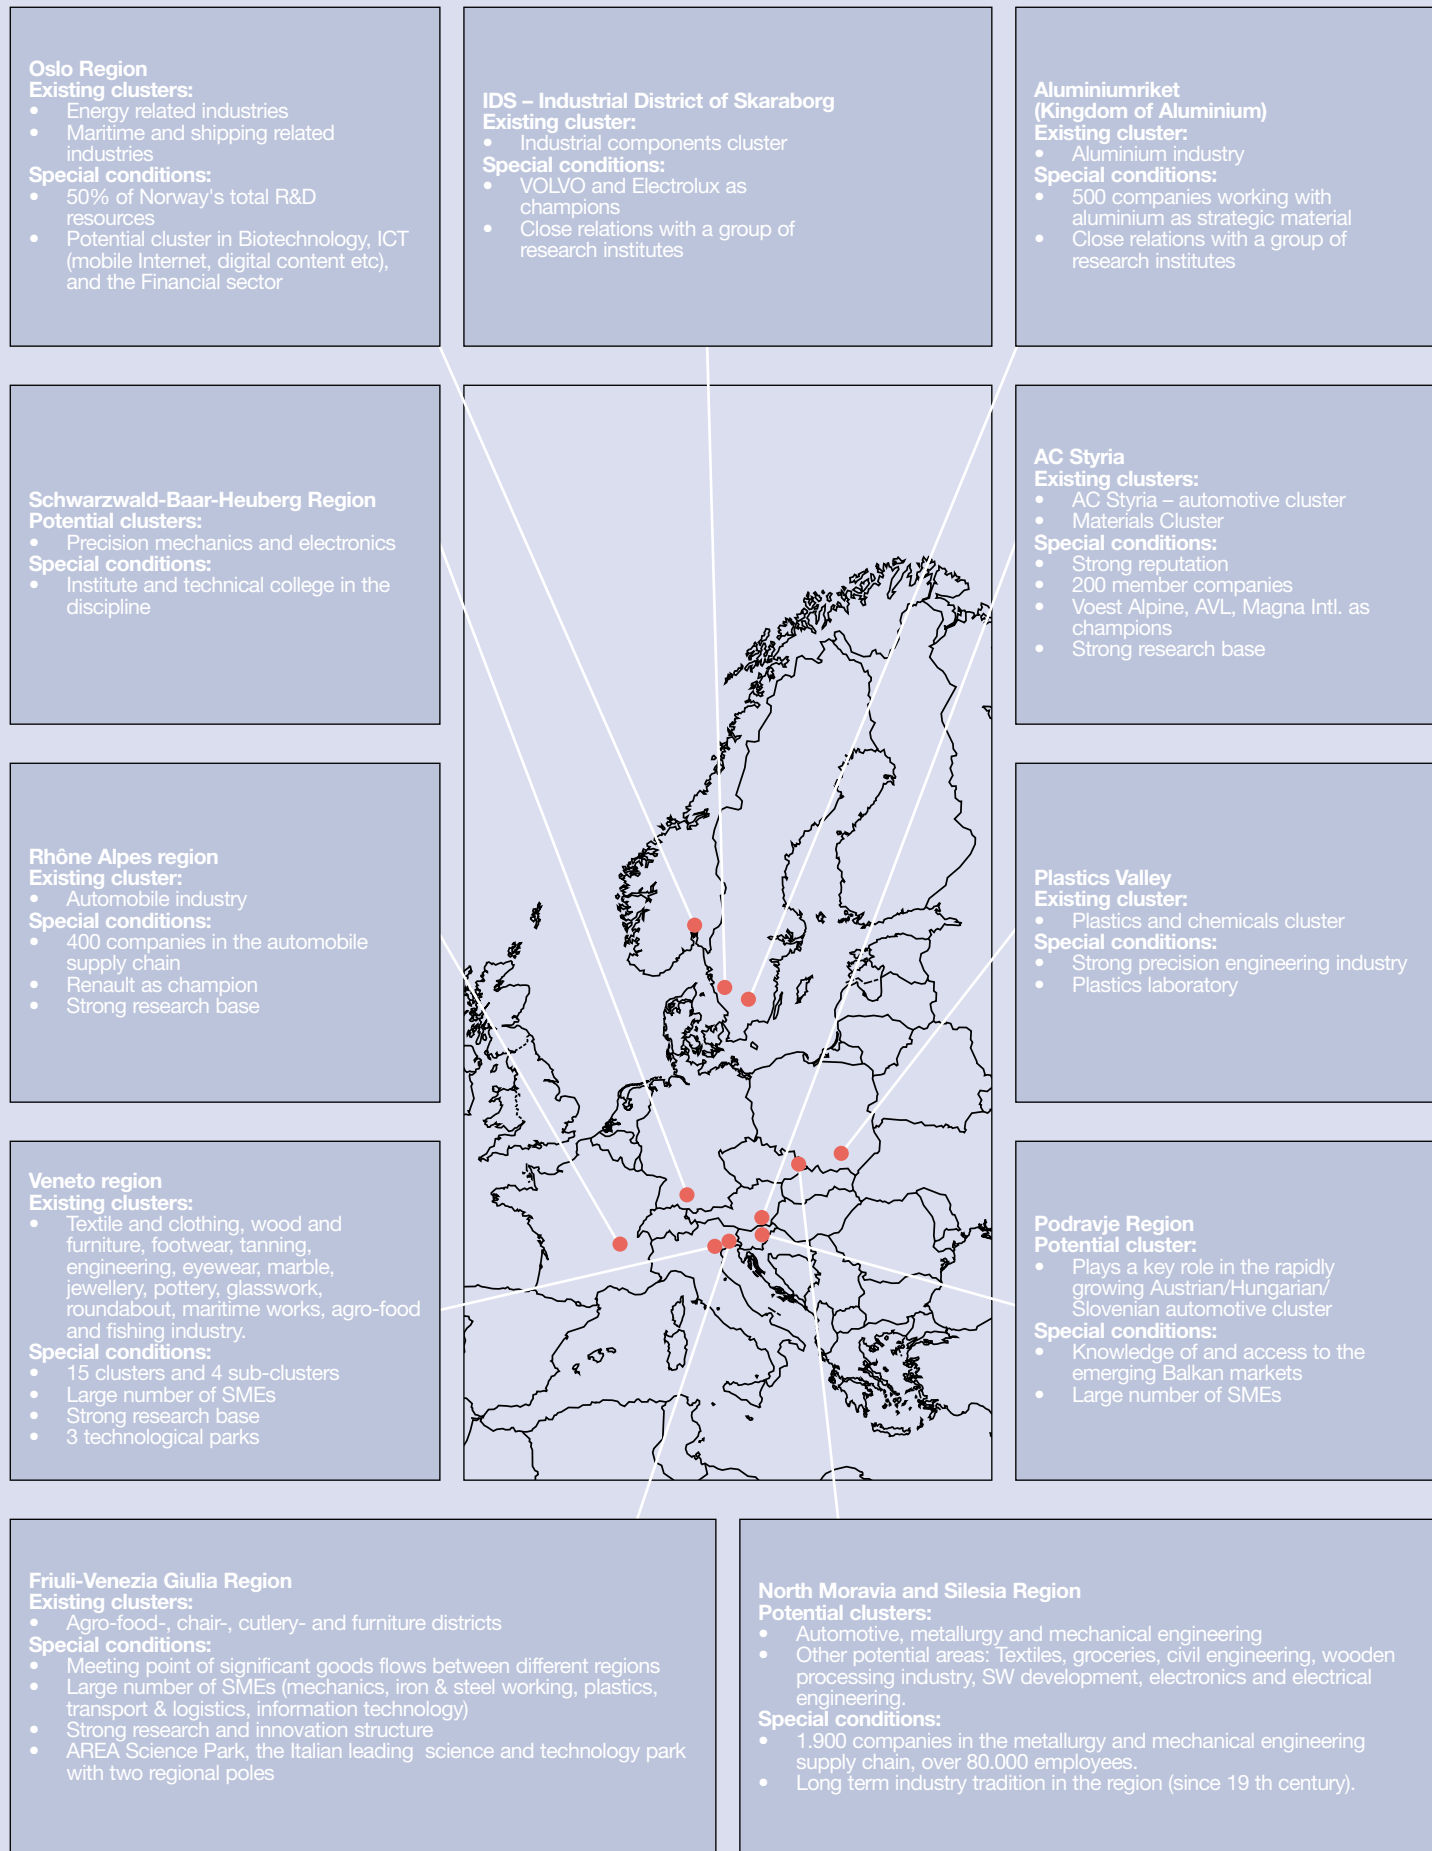

Modern shoe engineering in Montebelluna, Veneto region, Italy.

Assembly and testing of boat engine in Friuli-Venezia Giulia region, Italy.

Cluster Power

Accelerating the establishment of clusters and company networks

ACENET brings together regional organizations interested in the development of processes and methodologies to set up and manage clusters and company networks, as well as to provide business opportunities for SMEs within clusters.
